## THE PLAYERS' LEAGUE MEETING.

It Was Not Called to Change the Schedule Nor to Reduce the Price of Admission.

Special to the Indianapolis Journal. NEW YORK, May 29 .- In regard to the dispatch published this morning to the effect that the Players' National League had called a meeting to change its playing schedule, the World this evening says: "A meeting of the central board of directors of the Players' National League will be held in this city some time before Sunday night. Various rumors in regard to this meeting have been set afloat, and a few of them should be corrected. In the first place, there will be no change made in its playing dates. Second, there will be no reduction in the price of admission. Third. the meeting is not called to meet any financial or internal crisis. The original idea in calling the meeting was to talk with two club members of the National League who did desire a change of schedule. The argument put forth by the two clubs desiring the change was that it would be a good move for the was that it would be a good move for the new league to make the change, for the reason that the base-ball public has become more or less confused by the present conflict, and would hail any such change as a move prompted by good judgment. This the players refused to do. claiming that they were in no way responsible for the present situation, and, furthermore, that any such move would be interpreted as a sign of weakness. The meeting was called reinctantly, and it is doubtful now if the matter of changing the schedule will ever be brought up, but a majority of the directers thought it would be a good idea to

bring the board together and have an informal talk. This is exactly what will be

The World further says that there is a deal pending in the National League which involves the retirement of certain stockholders in a certain club and a partial change of the National League schedule. This cannot injure the new league, while it will greatly strengthen the old organization.

INDIANA LEAGUE,

Close and Exciting Game at Peru, in Which

Marion Carried Off the Honors.

Special to the Indianapolis Journal. PERU, May 29 .- To-day's game with the Marion club was marked by pretty playing all around. Words of Cheer from Grateful People, Who Have Found Health by Corresponding with Gun Wa.

TUSCUMBIA, Ala. Dear Gun Wa-After using your Dyspepsia Remedies according to directions for three weeks, I find myself entirely cured. I have faithfully followed your printed instructions, and I find that the \$5 worth of your remedies did me \$500 worth of good. Your remedies have improved my health in every way. I have suffered with dyspepsia for years, and it has baffied the skill of all the physicians that have treated me. None of them, it seemed, could reach the case, with all their experiments, and I could not tell you how many of them have tried it. I could not retain any food on my stomach unless it was very light. I could not eat anything that was greasy or rich. I was stomach unless it was very light. I could not eat anything that was greasy or rich. I was compelled to diet myself. I have subsisted for weeks on brown bread, crackers and milk, and sometimes my stomach would not retain even them. The doctor would call and give me some medicine, and I would take that; and in a day or so he would call again, and would change that; then I would get no relief, and he would change it again; and so on, until I have enough medicine on hand at this time, were it fit for anything, to run a large-size drug store for a long time. to run a large-size drug store for a long time. Two barrels would not hold the small vials of medicine I have on hand row, besides what I have thrown away, and in all of them I cannot find a single one that I can truthfully say has done me one particle of good.

I can cheerfully recommend your remedies to the afflicted, and if any one will call or write me.

I will convince them of the truth of the above statement by inviting them to see my drug store, and then introduce my friends, who will vouch for the truth of the above. Your friend, MARY A. KELLEY.

POWHATAN POINT, O.

I was completely run down, and my rheumatics gave me lots of trouble. I had to go on crutches for a long time. Now I have laid them aside, and I believe for good, for I feel that I am perfectly restored to my former health. I am now able to attend to my business, and have been for some time. I attribute all these good been for some time. I attribute all these good results to your Chinese Remedies, and to no other cause. I had tried almost everything that day shall be celebrated under the auspices could be recommended, but to no avail. My of the G. A. R. by the school children, Cathmore, and I have no fear of the return of my rheumatism. I can cheerfully recommend your remedies to everyone. Yours truly

GUN WA: Dear Sir-I have been using your Chinese Remedies for constipation and liver for some time, and I have found more relief and greater benefits from them than from all the me the physicians have ever given me. I have tried almost everything, and any number of doctors. They would give me relief for a short time only, but as soon as I would cease to take their medi cine the complaint would return with renewed vigor; so I was continually taking stuff of one kind or another, until I was worn out. I was advised by a friend to take your treatment, and at first I hesitated, but thought that a trial could do me no harm, so I concluded to try thein Much to my surprise, as well as my pleasure, I found almost instant relief. I thought I would stop it for a while to see if it did me like the other medicines I had taken did. I have not taken one drop of medicine for over three months, and I am glad to say that I have felt no sign of the return of the malady. Yours truly.
